Update – US Gas Project - Behemoth Prospect (Worthington 2-8 Well)

Pacrim Energy Limited hold a 12.5% free carried interest to commercial discovery in US Gas Projects (North Sacramento Basin California).

The operator, NEG, has advised the Company that Worthington 2-8 Well reached a total depth of 13,506 ft. Electric logs have identified multiple target zones that warrant testing. Casing was then set to 13,474 ft.

A further suite of down-hole logs was run inside the casing providing additional supportive information on the target zones.

Testing is expected to be carried out during April (subject to test rig availability).
